To all Players, Coaches and Referees;

1/19/2016

It has come to my attention that we are having more problems than ever with rough and intentional hurting of opposing players. We take pride in being the finest and largest Soccer facility in the world. We built USA for the benefit and enjoyment of the players, families and fans. With our just opened field #4 we now have more games than ever. We are not going to allow rough play to force us to be babysitters to bad sportsmanship.

So the following are our rules on playing the game we all love.

- No one who gets a RED card can play on another team in another game the same night period.
- A RED card means no play the next week period.
- A RED card two consecutive games or blatant hurting of another player, will result in removal for the rest of the season NO REFUND
- We will track red cards anyone with 3 RED cards in one session will be thrown out of USA NO REFUND and will be subject to a cash deposit of \$200 before playing in next session. The deposit will be lost on the very next RED card by same player and then will be BANNED from USA PERIOD.
- Anyone striking a Referee will be BANNED PERIOD
- Anyone BANNED will be reported to the MSA as a dangerous player and that they are BANNED from USA

These rules are now in effect the day you receive this. We want all of you to enjoy the game and play safely. The excessive RED cards must stop now!

Very Truly,

George Derderian Jr.
President
